

CIRCLE ANGLIA SOCIAL HOUSING PLC

£275,000,000 7.25 PER CENT. FIXED RATE SECURED NOTES DUE 2038

ISSUE PRICE: 100 PER CENT.

The £275,000,000 7.25 per cent. Fixed Rate Secured Notes due 2038 (the **Notes**) are issued by Circle Anglia Social Housing Plc (the **Issuer**).

This **Prospectus** has been approved by the Irish Financial Services Regulatory Authority (the **Financial Regulator**), as competent authority under the Prospectus Directive 2003/71/EC. The Financial Regulator only approves this Prospectus as meeting the requirements imposed under Irish and EU law pursuant to the Prospectus Directive 2003/71/EC (the **Prospectus Directive**). Application has been made to the Irish Stock Exchange (the **Irish Stock Exchange**) for the Notes to be admitted to the Official List (the **Official List**) and trading on its regulated market. The Irish Stock Exchange's regulated market is a regulated market for the purposes of the Markets in Financial Instruments Directive 2004/39/EC.

The net proceeds from the issue of the Notes will be advanced by the Issuer to Circle Anglia Treasury Limited (the **Group Borrower**) pursuant to a Loan Facility Agreement (the **Loan Facility Agreement**) between the Group Borrower and the Issuer to be dated on or around 12 November 2008 (the **Series Closing Date**) and the Group Borrower will in turn on-lend such funds to certain borrowers within the Circle Anglia Group under an On-Loan Agreement between the Group Borrower and such borrowers.

Interest on the Notes is payable in equal semi-annual instalments in arrear on 12 November and 12 May in each year at the rate of 7.25 per cent. per annum, the first payment (in respect of the period from (and including) 12 November 2008 to (but excluding) 12 May 2009) to be made on 12 May 2009, as described in Condition 7 (*Interest*). Payments of principal of, and interest on, the Notes will be made without withholding or deduction on account of taxes to the extent described in Condition 10 (*Taxation*).

The Notes may be redeemed at any time prior to 2038 upon the prepayment by the Group Borrower of the loan (the **Loan**) in accordance with the terms of the Loan Facility Agreement at the higher of their principal amount and an amount calculated by reference to the yield on the relevant outstanding sterling United Kingdom government gilts having the nearest maturity date to that of the Notes, together with accrued interest (or, in respect of a prepayment of the Loan following an event of default thereunder, at their principal amount, together with accrued interest).

It is expected that the Notes will be rated Aa3 by Moody's Investors Service Limited. A rating is not a recommendation to buy, sell or hold securities and may be subject to revision, suspension or withdrawal at any time by the assigning rating organisation.

The Notes will initially be represented by a temporary global Note, without interest coupons, which will be deposited on or about the Series Closing Date with a common depository for Euroclear Bank SA/NV and Clearstream Banking, société anonyme. Interests in the temporary global Note will be exchangeable for interests in a permanent global Note, without interest coupons, on or after 22 December 2008, upon certification as to non-U.S. beneficial ownership. Interests in the permanent global Note will be exchangeable for definitive Notes only in certain limited circumstances.

The date of this Prospectus is 12 November 2008

This Prospectus comprises a prospectus for the purposes of Article 5.4 of the Prospectus Directive and for the purpose of giving information with regard to Circle Anglia Social Housing Plc (the **Issuer**) which is necessary to enable investors to make an informed assessment of the assets and liabilities, financial position, profit and losses and prospects of the Issuer and the Notes.

The Issuer accepts responsibility for the information contained in this Prospectus (except for the information set out in the section "*Valuation Report*"). To the best of the knowledge of the Issuer (having taken all reasonable care to ensure that such is the case) the information contained in this Prospectus (except for the information in the section "*Valuation Report*" as aforesaid) is in accordance with the facts and does not omit anything likely to affect the import of such information.

The Valuer accepts responsibility for the information contained in the section "*Valuation Report*" (except where it is indicated that the Circle Anglia Group has provided particular information for use in the Valuation Report) and, to the best of its knowledge (having taken all reasonable care to ensure that such is the case) such information is in accordance with the facts and does not omit anything likely to affect the import of such information. Circle Anglia Limited takes responsibility for the information contained in the section "*Valuation Report*" which has been provided to the Valuer by members of the Circle Anglia Group, as indicated in the Valuation Report, and, to the best of its knowledge (having taken all reasonable care to ensure that such is the case) such information is in accordance with the facts and does not omit anything likely to affect the import of such information.

This Prospectus is to be read in conjunction with all documents which are deemed to be incorporated herein by reference (see "*Incorporation by Reference*" below).

The Financial Regulator has approved the Base Prospectus (as defined below) under Part 7 of the Prospectus Directive (2003/71/EC) Regulations 2005 (the **Prospectus Regulations**) as having been drawn up in accordance with the Prospectus Regulations and Commission Regulation (EC) No 809/2004.

Any investment in Notes does not have the status of a bank deposit and is not within the scope of the deposit protection scheme operated by the Financial Regulator. The Issuer is not and will not be regulated by the Financial Regulator as a result of issuing the Notes.

INCORPORATION BY REFERENCE

The provisions of the base prospectus dated 13 October 2008 which constitutes a base prospectus (the **Base Prospectus**) for the purposes of the Prospectus Directive shall be deemed to be incorporated into and form part of this Prospectus in their entirety save that any statement contained in the Base Prospectus shall be deemed to be modified or superseded for the purpose of this Prospectus to the extent that a statement contained herein modifies or supersedes such earlier statement (whether expressly, by implication or otherwise). Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Prospectus. This Prospectus must be read in conjunction with the Base Prospectus and full information on the Issuer and the Circle Anglia Group and the offer of the Notes is only available on the basis of the combination of the provisions set out within this document and the Base Prospectus.

The Base Prospectus is available for inspection during normal business hours at the registered office of the Issuer and the specified office of the Principal Paying Agent.

Terms used herein but not otherwise defined shall have the meanings given to them in the Base Prospectus.

RISK FACTORS

Investors should have sufficient knowledge and experience in financial and business matters to evaluate the merits and risks of investing in the Notes as well as access to, and knowledge of, appropriate analytical tools to evaluate such merits and risks in the context of their financial situation.

Investors should refer to the risk factors set out on pages 13 to 17 of the Base Prospectus in addition to the risk factor set out below.

Sampling of Charged Properties

Title due diligence in respect of the Charged Properties allocated as underlying security for the Notes has been limited to a sampling of 40 per cent. of the units comprising the Charged Properties (the **Sample**). A methodology note has been provided by the Issuer, the Group Borrower and Circle Thirty Three Housing Trust Limited to the Security Trustee, the Note Trustee, the Series Secured Creditors, such other entities as the Security Trustee has specified for the purposes of the Security Trust Deed and/or the Programme and the Dealer which sets out the basis on which the Sample was selected. This methodology note confirms that the units comprising the Charged Properties allocated as underlying security for the Notes were grouped by the following separate criteria: bedrooms per unit, weekly rent and net book value. Each criterion was further sub-divided into monetary bands so that a spread of properties was provided within each of these criteria by reference to those monetary bands.

The title due diligence in respect of the Sample consists of a certificate of title provided by Devonshires Solicitors which is addressed to the Issuer, the Security Trustee, the Note Trustee and the Dealer. The certificate of title confirms, amongst other things, that the relevant Borrower has good and marketable title to the properties listed in the certificate free from onerous encumbrances save as disclosed in the certificate. Allen & Overy LLP has reported on the disclosures in it to the Issuer, Security Trustee, Note Trustee and the Dealer.

There is a risk that unsampled units may be affected by encumbrances which materially affect them. However, nothing revealed in the Sample would seem to indicate any endemic issues that would need to be addressed and for this reason it was felt to be reasonable to limit the investigation to the Sample.

TERMS AND CONDITIONS OF THE NOTES

The terms and conditions of the Notes shall consist of the "*Terms and Conditions of the Notes*" (the **Base Conditions**) set out on pages 21 to 49 of the Base Prospectus, as amended and/or supplemented as provided below. References in the Base Prospectus and the Base Conditions to **Final Terms** shall be deemed to refer to the Series Terms set out below.

Terms used below shall be deemed to be defined as such for the purposes of the Base Conditions and must be read in conjunction with the Base Conditions.

All references to **Conditions** or to a numbered **Condition** shall be to the Base Conditions or the relevant numbered Condition of the Base Conditions.

Material Interest in Issuer (if any): Not Applicable

The Valuation Report was prepared by Savills L&P Limited of 19/20 City Business Centre, 6 Brighton Road, Horsham, West Sussex RH13 5BB, Registered Chartered Surveyors (the **Valuer**). The Valuation Report is included in this Prospectus, in the form and context in which it is included, with the consent of the Valuer and the Valuer has authorised the contents of the section entitled "*Valuation Report*".

The Valuer has no material interest in the Issuer.

The information in the Valuation Report has been accurately reproduced and that as far as the Issuer is aware and is able to ascertain from information published by the Valuer, no facts have been omitted which would render the reproduced information inaccurate or misleading.

LOAN AGREEMENT FINANCIAL COVENANTS

Definitions used in this section but not otherwise defined in this Prospectus have the meanings given to them in the Loan Facility Agreement.

Loan-to-Value Test

Pursuant to the Loan Facility Agreement, the Group Borrower has covenanted with the Issuer to ensure, from the date of the Loan Facility Agreement until all amounts due from the Group Borrower to the Issuer under the Loan Agreement have been paid in full, that, *inter alia*, the aggregate of:

- (a) the Minimum Value of the SAB Charged Properties; and
- (b) the aggregate amount of any cash in the Charged Accounts,

is not less than the Loan (the **Loan-to-Value Test**).

"**Minimum Value of the SAB Charged Properties**" means, in respect of each Series unless otherwise specified in the Final Terms:

$$\left(\frac{A}{105} + \frac{B}{125} \right) \times 100$$

where:

A = the Value of the SAB Charged Properties which have been charged as security for the Group Borrower's obligations pursuant to the Loan Facility Agreement for such Series for which a Guarantor has selected Valuation Basis II; and

B = the Value of the SAB Charged Properties which have been charged as security for the Group Borrower's obligations pursuant to the Loan Facility Agreement for such Series for which a Guarantor has selected Valuation Basis I.

Initial Security

The Charged Properties to be initially specifically apportioned to the Issuer as security for the Group Borrower's obligations to the Issuer pursuant to the Loan Facility Agreement are set out in Part B of the Series Terms above. However, in accordance with Clause 2.7 (*Conditions Precedent for new Charged Properties*) of the Loan Facility Agreement Standard Terms, these Charged Properties shall not be taken into account in determining the Group Borrower's compliance with the Loan to Value Test unless and until the Issuer shall have notified the Group Borrower of it being satisfied as to the delivery of the Legal Charges Conditions Precedent Documents set out in Schedule 3 to the Loan Facility Agreement Standard Terms in respect of such Charged Properties.

It is anticipated that the Legal Charges Conditions Precedent Documents, in respect of the Charged properties set out in Part B of the Series Terms above, will be available to the Issuer as at the Series Closing Date. **Gearing Test**

The Gearing Test is determined by reference to the latest audited financial accounts of the Guarantors and SORP, the Gearing Test is met when the aggregate Financial Indebtedness of the Guarantors does not exceed the Financial Indebtedness Percentage of the aggregate Net Worth of the Guarantors (the **Gearing Test**).

Interest Cover Covenant

Pursuant to the Loan Facility Agreement, the Group Borrower has covenanted with the Loan Facility Provider to ensure that (a) the aggregate of the Adjusted Operating Surplus of all the Guarantors, determined by reference to the Guarantors' most recent audited financial accounts divided by the Net Interest Payable in relation to the same financial year (expressed as a percentage) shall not be less than 90 per cent.; and (b) the aggregate of the Adjusted Operating Surpluses of all the Guarantors, determined by reference to the Guarantors' audited financial accounts for each financial year during each successive period of three financial years, divided by the aggregate of the Net Interest Payable for each financial year during the corresponding period for each of three financial years (expressed as a percentage) shall not be less than 105 per cent. (the **Interest Cover Test**).

Auditor's Letter

In circumstances when the Gearing Test or the Interest Cover Test, as the case may be, is breached, the Group Borrower shall procure that the Guarantor's auditors shall provide to the Loan Facility Provider and the Note Trustee as soon as practicable but in any event not later than the earlier of 180 days after the end of the relevant accounting period and one week after the date of the auditors' report on the accounts in respect of such period, a certificate or report confirming the results of the Gearing Test or the Interest Cover Test, as the case may be, shown by reference to the audited accounts and that in the auditors' opinion the breach will not adversely affect the ability of the Guarantors to perform their obligations under the Deed of Guarantee and that taking into account the Guarantors' business as carried on since the end of such relevant accounting period and having regard to the level of reserves of the Guarantors and their projected or expected expenditure and business over the period of 12 months following the date of the auditors' opinion, the Guarantors will be able to meet their obligations under the Deed of Guarantee over such period of 12 months.

Breach of the Loan Agreement Financial Covenants

Breach of the Loan-to-Value Test (if such breach is not remedied within the applicable grace period), the Gearing Test or the Interest Cover Test (and, in each case, a failure to deliver an auditor's letter as described above) constitute Loan Events of Default under Clause 15.3 (*Breach of Financial Covenants*) of the Loan Facility Agreement Standard Terms.

VALUATION REPORTS

Valuation reports in relation to the Charges Properties are set out below.

The Valuation Report is included in this Prospectus, in the form and context in which it is included, with the consent of the Valuer and the Valuer has authorised the contents of this section.

The information in the Valuation Report has been accurately reproduced and that as far as the Issuer is aware and is able to ascertain from information published by the Valuer, no facts have been omitted which would render the reproduced information inaccurate or misleading.

For the avoidance of doubt, the Charged Properties may be a portion of the properties referred to in the Valuation Report and therefore it may be the case that not all of the properties referred to in the Valuation Report will be secured for this purposes of this Series.

INSTRUCTION	To value 4,423 units owned by the Circle Anglia Group, comprising houses, flats and rooms. The portfolio comprises rented, shared ownership and leasehold stock. A full property schedule has been provided by the Circle Anglia Group. A summary schedule setting out locations and values is provided at Appendix 1.
BASIS OF VALUATION	To value on the basis of Market Value Subject To Tenancies (MV-T) where possible and also on Existing Use Value Social Housing Assuming Voids Relet (EUV-SH) as at the date of valuation.
THE PROPERTIES	The Circle Anglia Group have provided a properties schedule setting out full postal addresses, property and tenancy type together with current net rents and current net target rents. In the case of shared ownership we have relied on the percentage share retained. We have relied on the accuracy of this information in our valuation.
COMPLIANCE WITH VALUATION STANDARDS	The valuations have been prepared in accordance with the Latest Edition of the RICS Appraisal and Valuation Standards (6 th Edition) including all Amendments and revisions. Please refer to Appendix 4 to this report which includes definition of bases and other assumptions made in our valuation.

VALUATION DATE	1st July 2008.
CAPACITY OF VALUER	External.
PURPOSE OF VALUATION	Loan Security / Debenture.

VALUATIONS **UNITS CAPABLE OF BEING VALUED ON MV-T BASIS**

i) Existing Use Value – Social Housing (EUV-SH) of the 2,926 units **subject to tenancies at the rents stated, assuming vacant units as they occur are relet - £128,320,000 (One Hundred and Twenty Eight Million, Three Hundred and Twenty Thousand Pounds).**

ii) Market Value of the 2,926 units **subject to tenancies (MV-T) - £311,895,000 (Three Hundred and Eleven Million, Eight Hundred and Ninety Five Thousand Pounds).**

Included in the above we have been informed that there are a number of units which have outstanding Section 106 obligations as at 5th September which are the subject of further enquiries. It is envisaged that these will be included for valuation purposes once these enquiries have been completed in a satisfactory manner. If these units were excluded our revised values would be as follows:

i) Existing Use Value – Social Housing (EUV-SH) of the 2,598 units **subject to tenancies at the rents stated, assuming vacant units as they occur are relet - £112,360,000 (One Hundred and Twelve Million, Three Hundred and Sixty Thousand Pounds).**

ii) Market Value of the 2,598 units **subject to tenancies (MV-T) - £272,566,000 (Two Hundred and Seventy Two Million, Five Hundred and Sixty Six Thousand Pounds).**

UNITS VALUED ON EUV-SH BASIS ONLY

i) Existing Use Value – Social Housing (EUV-SH) of the 1,497 units **subject to tenancies at the rents stated, assuming vacant units as they occur are relet - £73,755,000 (Seventy Three Million, Seven Hundred and Fifty Five Thousand Pounds).**

Included in the above we have been informed that there are a number of units which have outstanding Section 106 obligations as at 5th September. If these units were excluded our revised values would be as follows:

i) Existing Use Value – Social Housing (EUV-SH) of the 1,250 units **subject to tenancies at the rents stated, assuming vacant units as they occur are relet - £60,883,000 (Sixty Million Eight Hundred and Eighty Three Thousand Pounds).**

A summary schedule of values is provided at Appendix 1. Our opinion of value is based upon the Scope of Work, Terms and Conditions and Valuation Assumptions as set out in the Appendices.

ASSUMPTIONS

We would point out that we have made various assumptions as to tenure, letting and town planning; and the condition and repair of buildings and sites, including ground and groundwater contamination.

If any of the information or assumptions on which the valuation is based are subsequently found to be incorrect then the valuation figures may also be incorrect and should be reconsidered.

VARIATION FROM STANDARD ASSUMPTIONS

None.

VERIFICATION

We recommend that before any financial transaction is entered into based upon these valuations, you obtain verification of the information contained within our report and the validity of the assumptions we have adopted.

CERTIFICATE OF TITLE

We have reviewed the final form of the certificate of title dated on or about the date hereof and have found nothing in the certificate of title which impacts upon the valuation.

VALUER

The Properties have been valued by a valuer who is qualified for the purpose of the valuation in accordance with the RICS Appraisal and Valuation Standards.

RELIANCE

This report is for the use and benefit only of the parties to whom it is addressed and for inclusion in the **Prospectus** dated 12th November 2008 for the offering of the Notes. We accept responsibility for the information contained in the report unless indicated that the Circle Anglia Group has provided such information. This report should not be relied upon for any other purpose, including disposal, stock swap or accounts purposes. The disaggregation of the valuation has been carried out by reference to archetypes and rental levels within the stock and variables adjusted and applied to that stock to arrive at the valuation. For this reason the individual and property group valuation should not be disaggregated and applied to disposals or re-assessment of security without prior approval of the figures by Savills. To the best of our knowledge (having taken reasonable care to ensure that such is the case) the information given in this report is in accordance with the facts and does not omit anything likely to effect the report or have a material adverse effect on our valuations.

a

PUBLICATION

We hereby give consent for the publication of this report in the Prospectus. Apart from the publication of this report in the Prospectus neither the whole nor any part of our report nor any references thereto may be included in any published document, circular or statement nor published in any way without our prior written approval of the form and context in which it will appear.

SECURITY

We are of the opinion that the properties form adequate security for prudent lending. We would stress however it is up to the lender to assess the level of borrowing which the properties support and to assess the risk not directly associated with the property itself.

Yours faithfully

SOURCES OF INFORMATION, ASSUMPTIONS AND SCOPE OF WORK

SOURCES OF INFORMATION

We have carried out our work based upon information supplied to us by the Circle Anglia Group. We understand that legal searches have been undertaken by Devonshires and this information has been provided to us by the Circle Anglia Group.

THE PROPERTIES

A summary of the properties is set out below:

Property Type	Total
Nil Value Units	481
Flat	2,867
House	1,075
Grand Total	4,423

Source: the Circle Anglia Group

The 481 dwellings listed above described as nil value are non residential or are subject to long leases and as such the Circle Anglia Group does not receive any rental income for these units. For the purposes of this report we have ascribed a zero value to these units. The properties valued comprise the following letting types :

Use	House	Flat	Grand Total
Affordable Rented	966	2,290	3,256
Key-worker	8	63	71
Market Rented	N/A	30	30
Shared Ownership	97	196	293
Agency Managed	4	288	292
Circle Anglia Total	1,075	2,867	3,942

Source: the Circle Anglia Group

The properties are situated in the following locations:

Location	Grand Total
Inner London Boroughs	1806
Outer London Boroughs	839
Bedfordshire	585
Hertfordshire	447
Cambridgeshire	191
East Sussex	51
Essex	23
Circle Anglia Total	3,942

INSPECTIONS

As agreed with the Dealer we have carried out sample external inspections of this portfolio. We have visited approximately 90 scheme locations comprising 2,200 units which is approximately 45% of the stock. The inspections were carried out between 16th October and 7th November 2007.

ENVIRONMENTAL MATTERS

We have made enquires with the Circle Anglia Group who have informed us that they are not aware of any contamination issues affecting any of the Properties. We have not undertaken, nor are we aware of the content of, any environmental audit or other environmental investigation or soil survey which may have been carried out on the Properties and which may draw attention to any contamination or the possibility of any such contamination. We have not carried out any investigation into past or present uses of the Properties nor of any neighbouring land to establish whether there is any potential for contamination from these uses or sites adjacent to the subject Properties and have therefore assumed that none exists.

REPAIR AND CONDITION

We have assumed that all properties are of traditional construction, our sample inspections indicate this. We have not carried out building surveys, tested services, made independent site investigations, inspected woodwork, exposed parts of the structure which were covered, unexposed or inaccessible, nor arranged for any investigations to be carried out to determine whether or not any deleterious or hazardous materials or techniques have been used or are present in any part of the Properties. We are unable, therefore, to give any assurance that the Properties are free from Defect.

TOWN PLANNING/LEGAL RESTRICTIONS

We have not undertaken any planning enquiries. We have assumed for the purposes of this valuation that all necessary consents have been obtained.

TITLES, TENURES AND LETTINGS

Details of titles/tenure under which the Properties are held and of lettings to which they are subject are as supplied to us. We have not examined nor had access to the deeds, leases, tenancy agreements or other documents relating thereto. Where information from deeds, leases or other documents is recorded in this report this represents our understanding of the relevant documents. We should emphasise, however, that the interpretation of the documents of title (including relevant deeds, leases and planning consents/restrictions) is the responsibility of the Circle Anglia Group's legal adviser. In this valuation we have assumed that all valued units are held on a freehold/long leasehold interest for a term of not less than 99 years and with payment of a nominal rent only. Unless we have otherwise been advised we have assumed that the properties are not subject to any onerous or restrictive covenants.

Valuation, Bases and Comment

VALUATION BASES AND COMMENT

MARKET VALUE SUBJECT TO TENANCIES

Our MV-T valuations assume that no Section 106 agreements, nomination agreements or other restrictive covenants/agreements exist which would be binding upon a mortgagee in possession and restrict any of the properties to the continued provision of affordable housing to rent. Our valuations would otherwise be restricted to an EUV-SH (voids relet) basis only.

It should be noted that the MV-T valuation is only attainable by a mortgagee in possession selling the properties tenanted, outside of the RSL sector. The valuation basis is dependent upon the purchaser being able to sell vacant units and charge a market rent to existing tenants. We give no warranty that the current rental income supports lending on an MV-T basis, and you should therefore make their own investigations to assess the loan and terms of borrowing before any funding on this valuation basis.

Please refer to Appendix 4 to this report which includes the definition of these valuation bases.

MARKET COMMENT AND APPROACH

The UK house market has been effected by the so called credit crunch which has resulted in worldwide turmoil in the financial markets. The full extent of the financial effects caused originally by high default rates in the US sub-prime mortgage market is, as yet, unknown. We have also seen rising costs of debt finance and a shortage of funds which has lead to growing concerns that property is overpriced.

Without doubt we are in a period of high uncertainty with regard to property values, being a direct result of the banking crisis and the shortage of mortgage finance, particularly for first time buyers the bedrock of the residential market in normal conditions. To make matters worse, the banks now require substantial deposits from those buying for the first time and this, in itself, is having a serious effect on the number of transactions taking place. However, there are still buyers out there in the market but they are being held back by a lack of confidence, shortage of mortgage funds by the Banks and Building Societies, and the lenders' requirements for first-time buyers to provide deposits of up to 25% of the purchase price.

It is clear that economic prospects generally are being dictated by the continuance and potential severity of the credit crisis. In the real estate markets, recent commentary has suggested that the ongoing correction in pricing within the market has now been taken fully into account. However, as both Savills and CBRE research points out, the continuing lack of transactions in the market and ongoing uncertainty suggests that this may not be the case.

The low levels of activity in the market mean that there is less evidence to substantiate property values at the present time. We have endeavoured to reflect current market sentiment, but this is mixed. Whilst some commentators are taking a pessimistic view, others are suggesting that the “correction” may now have taken place. However, what we can say with confidence is that any property valuations reported at the present time contain “abnormal uncertainty” caused by “market instability”. RICS Guidance Note 5 (GN5) refers to such circumstances thus:

“Unforeseen macroeconomic or political crises can have a sudden and dramatic effect on markets. This could manifest itself by either panic buying or selling, or simply a disinclination to trade until it is clear how prices in the market will be affected in the longer term. If the valuation date coincides with the immediate aftermath of such an event, the data on which any valuation is based may be confused, incomplete or inconsistent, with an inevitable effect on the certainty that can be attached to it.

The RICS considers that, where uncertainty could have a material effect on the valuation, the valuer should draw attention to this, indicating the cause of the uncertainty and the degree to which this is reflected in the reported valuation.”

Accordingly, please be advised that such circumstances exist and that we have advised you in the context above, and that in our opinion the value of the Property is fairly stated.

The properties are all considered to be located in relatively popular areas and as such there should be a reasonable demand for such dwellings in the long term. Over the past 9 months however house prices have fallen in London and the South East where the majority of units are situated. The current level of vacant possession value is in itself difficult to judge given the reduction in sales volume and the “wait & see” attitude of the purchaser pool. What is relatively certain is the likelihood of further price corrections which most commentators have projected at 5 to 15%.

Savills Residential Research dated July 2008 commented that they expect house prices to fall by a further 8% in 2008, we have adopted -10% real reductions in our cashflows in Year 1. In addition to this we have applied a further 2.5% real reduction in house prices in the following year with house prices then stabilising. Over the long term we have allowed for real growth of 1% from 2012/13. This is a very conservative long term price

increase when compared to Savills Residential Research which is predicting that current prices will rise by 79% by 2020.

In terms of market activity the result has been that sales to private individuals and investors has reduced markedly as the market waits to see where house prices and investment returns will settle. Although to date there has been no mass trading of investments it is difficult to judge what investor demand for tenanted stock will be. Most commentators are noting that investors are now focusing on the yield from rental income only and would not base their bid on capital growth. So whereas in the past few years our MV-T approach was to look at both a capitalisation of rent and percentage deduction from MV-VP, the valuation approach is now weighted towards the rental capitalisation method. It must be noted that very few transactions have taken place so far this year but those that have point to yields of around 5 to 6.5% being required by investors. In addition to having regard to the above we have prepared Discounted Cashflow Valuations on the MV-T basis.

Savills Residential Research are predicting that the residential investment market should see strong rental growth, low voids and a falling supply which will support income returns during the current downturn.

EXISTING USE VALUE- SOCIAL HOUSING

Our EUV-SH assumes that the properties will be disposed of to another Registered Social Landlord (RSL). These organisations will calculate their bids according to the projected income and outgoings profile which they would estimate the properties would produce under their management. This basis assumes affordable rents will be charged in perpetuity and all vacant units will be re-let at affordable levels.

Owing to the complex income and expenditure profile particular to RSLs we consider that the appropriate method of valuation is to use Discounted Cash Flow (DCF). The DCF allows us to project rental income and expenditure over the term of the cash flow to arrive at an annual surplus or deficit, which is then discounted to a net present value.

Please refer to Appendix 4 to this report which includes the definition of the valuation bases.

SHARED OWNERSHIP UNITS

The shared ownership leases are believed to provide for staircasing and in accordance with your requirements, we have ignored staircasing receipts from our valuation due to their unpredictability. Shared ownership property produces a rental income stream on its share of the freehold. Landlord's net expenses are minimal since the leases allow for recovery of management and service provision costs through the service charge. In addition the leaseholder is responsible for repairs.

We have therefore valued these units using discounted cashflow methodology and have made the value of the rental income the sole element of our valuation.

Appendix 4
General Valuation Assumptions &
Definitions

GENERAL ASSUMPTIONS, NOTIFICATIONS, DEFINITIONS & BASES OF VALUATION

1.0 General Assumptions & Notifications

- 1.1 Unless it is made apparent by an express statement to the contrary in the report, we have made the following general assumptions and we will have been under no duty to have verified these:-
- 1.1.1 The information supplied to us and summarised in this report is substantially complete and correct.
- 1.1.2 The property is not subject to any unusual or onerous conditions or restrictions, encumbrances or outgoing and that good title can be shown free of any mortgages or charges.
- 1.1.3 The property and its value are unaffected by any matters which will be revealed by a local search (or their national equivalent) and replies to the usual enquiries, or by a statutory notice and that neither the property nor its condition, nor its use, nor its intended use, is or will be unlawful.
- 1.1.4 Planning consent and statutory approvals for the property and for its current use, including any extensions or alterations, have been obtained.
- 1.1.5 Any interpretations of the law we may have made are presumed to be correct although we would recommend that any such interpretations are checked by solicitors.
- 1.1.6 We have not carried out a structural survey nor tested the services. We have therefore assumed that both the parts that we have inspected and those that we were unable to inspect have no material defects which would cause us to alter our valuation.
- 1.1.7 In the construction or alteration of the property no use was made of any deleterious or potentially dangerous materials or techniques.
- 1.1.8 The property is connected to mains services which are available on normal terms and that the sewers, mains services and the roads giving access to the property have been adopted.
- 1.1.9 In the case of a new property, the construction of which has not been completed, the construction will be satisfactorily complete. Furthermore, for any newly constructed property, the builder is a registered member of the NHBC or equivalent and has registered the subject property in accordance with the scheme concerned.
- 1.1.10 Unless otherwise instructed any development value has been excluded from our valuation(s).
- 1.1.11 Our valuation does not include any value attributable to the existence of furnishings, removable fittings, free-standing furniture or sales incentives.
- 1.1.12 The property is not subject to land contamination, flooding risk, unstable ground conditions or any other environmental risks. We have not carried out any related tests nor made any other investigations relating to these environmental factors and we have not assessed the likelihood of their potential relevance. (We recommend these risks are investigated by suitable professionals prior to relying upon our valuations).
- 1.1.13 We have not made any allowance for Capital Gains Tax, VAT or other taxation liabilities that might arise upon a sale of the property.
- 1.1.14 It is for the lender to assess the risk involved and to make their own assessment and fix the terms of the loan, such as the percentage of value to be advanced, the provision for repayment of capital and the interest rate.

a

- 1.1.15 The tenants are capable of meeting their obligations and that there are no arrears of rent or undisclosed breaches of covenant.
- 1.1.16 The highest bidder would account for increasing rents (where applicable) to the maximum possible amount and/or maximising their investment return (in financial terms).
- 1.1.17 In the case of a site or development property - there are no adverse site conditions, that it is not adversely affected by the Town and Country Planning (Assessment of Environment Effects) Regulations 1988, that the ground does not contain any archaeological remains, nor that there are any other matters that would cause us to make any allowance for exceptional delay, site or construction costs in our valuation.
- 1.1.18 Where grants (from the private or public sector) have been given and/or pledged to purchase, build and/or refurbish the subject property, we have assumed that these grants append to title and/or would not have to be repaid by the purchaser.
- 1.1.19 Unless otherwise stated, we provide our valuations exclusive of purchase costs (e.g. legals, stamp duty, introductory fees etc).
- 1.1.20 Unless otherwise stated, we provide our opinions of value (for all valuation bases) on an individual property and/or aggregate property basis (i.e. with no discount for bulk sales).
- 1.1.21 Our opinions of value do not take into account any potential reduction in value or restrictions on disposal which may result from the service of a notice under the Leasehold Reform Housing and Urban Development Act 1993.
- 1.1.22 Our report is only provided for the purpose agreed with the instructing Client and will be for the sole use of that client. As such, it is confidential to the Client and their professional advisors.
- 1.1.23 Should you require a formal Building Reinstatement Cost Assessment for insurance purposes, prepared by a member of our Building Consultancy Department, based on a detailed inspection for such purposes, we would be pleased to make the necessary arrangements.
- 1.1.24 Where we have provided valuation projections, these are purely indicative as we are not able or permitted to state what values will be in the future. As such, these indications should not be formally relied upon.
- 1.1.25 The value of a property portfolio, sold as a single portfolio, may not be the same as the aggregate value of constituent parts. Where we have qualified our valuation basis with the words 'as a single portfolio', we have provided a value reflecting a sale of the property as a single portfolio. Where we have qualified using the words 'aggregate', we have provided the aggregate total of the property's constituent units/parts.
- 1.1.26 The value of a property subject to tenancies may not be the same as the value of a property with vacant possession.

2.0 Definitions

2.1 Assumption

A supposition taken to be true. It involves facts, conditions or situations affecting the subject of, or approach to, a valuation that, by agreement, need not be verified by the member as part of the valuation process.

2.2 External Valuer

A valuer who, together with any associates, has no material links with the client company or the subject of the assignment.

2.3 Independent Valuer

A valuer who meets the specific requirements of independence, prescribed by law or regulation, for particular valuation tasks in certain States.

2.4 Likely Realisation Price Subject To Marketing Constraints And Forced Sales (formerly Estimated Restricted Realisation Price).

2.4.1 If a property cannot be freely or adequately presented to the market, the price is likely to be adversely affected.

2.4.2 If such a constraint can be identified it is normally possible to assess its impact on value but the value reported would not, by definition, be Market Value (see Bases of Valuation).

2.4.3 In these instances, the price will reflect the vendor's particular circumstances and the figure reported will be an assessment of Worth (see below).

2.4.4 Examples of Marketing Constraints would be where the property is to some extent controlled by a third party and that party's co-operation in a sale can not be guaranteed or a sale which has to be completed without proper marketing.

2.5 Restricted Information

2.5.1 Where a valuer is requested to undertake a valuation on the basis of restricted information the nature of the restriction must be agreed, and the possible valuation implications of the restriction confirmed in writing to the client, before the valuation is reported.

2.5.2 Examples of restricted information would include a "drive by" or "desktop" valuation.

2.6 Special Assumption

An assumption that either:

a) Requires the valuation to be based on facts that differ materially from those that exist at the date of valuation; or

b) Is one that a prospective purchaser (excluding a purchaser with special interest) could not reasonably be expected to make at the date of valuation, having regard to prevailing market circumstances.

2.7 Valuation

A member's opinion of the value of a specified interest or interests in a property, at the date of valuation, given in writing.

2.8 **Worth** (Or Investment Value).

The assessment of value of property to a particular investor, or class of investors, for identified investment objectives. In this context an investor includes an owner-occupier. Worth is not a Basis of Valuation.

3.0 **Bases of Valuation**

3.1 Our valuation is carried out in accordance with the latest edition of The Royal Institution of Chartered Surveyors Appraisal and Valuation Manual ("Red Book") which states:-

3.1.1 **Existing Use Value for Social Housing (EUV -SH) means:-**

'Existing Use Value for Social Housing (EUV-SH) is the estimated amount for which a property should exchange, on the date of valuation, between a willing buyer and a willing seller, in an arm's-length transaction, after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion, subject to the following further Assumptions that:

- i) the property will continue to be let by a body pursuant to delivery of a service for the existing use;
- ii) at the valuation date, any regulatory body, in applying its criteria for approval, would not unreasonably fetter the vendor's ability to dispose of the property to organizations intending to manage their housing stock in accordance with that regulatory body's requirements;
- iii) properties temporarily vacant pending re-letting should be valued, if there is a letting demand, on the basis that the prospective purchaser intends to re-let them, rather than with vacant possession; and
- iv) any subsequent sale would be subject to all of the above Assumptions.'

3.1.2 **Market Value (MV) means:-**

'The estimated amount for which a property should exchange on the date of valuation between a willing buyer and a willing seller in an arm's-length transaction after proper marketing wherein the parties had each acted knowledgeably, prudently and without compulsion.'

***N.B.** An opinion of Market Value may be required assuming vacant possession and/or subject to existing tenancies. Within our reports we differentiate in this regard by using the terminology - Market Value (vacant possession) and/or Market Value (subject to tenancies).*

3.1.3 **Market Rent (MR) means:-**

The estimated amount for which a property, or space within a property, should lease (let) on the date of valuation between a willing lessor and a willing lessee on appropriate lease terms in an arm's-length transaction after proper marketing wherein the parties had acted knowledgeably, prudently and without compulsion.
